Government Projects

## WHAT SETS US APART

**01**

### OEM Leadership

Our CEO led India for Juniper, Fortinet and F5. Our CTO holds CCIE #22365, CISSP, CISA, CISM, plus MS in Cyber Security & AI.

**02**

### 20+ Global Partners

Authorised partnerships with Zscaler, F5, Palo Alto, Fortinet, Cisco, Juniper, Check Point, Barracuda, Netskope, Arista, Dell & more.

**03**

### Certified Excellence

CMMI Level 5, ISO 27001, ISO 9001:2015. Process maturity certified at the highest international levels.

### Our Mission

To protect and empower India's enterprises and institutions by delivering trusted, expert-driven technology solutions that secure critical infrastructure, enable digital transformation, and create lasting operational resilience.

### Our Vision

To be India's most trusted enterprise security and infrastructure partner – the organisation that government bodies, enterprises, and institutions turn to when security, reliability, and technical excellence are non-negotiable.

**100%+**

Year-on-year growth

Self-funded, debt-free, profitable  
**Sustainable Growth Since 2014**

Industry veterans with decades of experience building and securing India's most critical infrastructure.

01

## Sanjeev Tyagi

Chief Executive Officer & Co-Founder

25+ years of leadership across India's enterprise networking and cybersecurity industry. Hands-on operator who personally engages with every strategic client.

### PREVIOUS ROLES

- National Head, Government & Defence – F5 Networks
- Senior Leadership – Fortinet
- Key Management – Juniper Networks (~10 years)
- Earlier – Radware, Nortel Networks

### EXPERTISE

- Government & Defence account leadership
- Enterprise networking strategy
- OEM relationship management
- Strategic client engagement

02

## Vijay Tyagi

Chief Technology Officer & Co-Founder

24+ years of technical leadership in networking, cybersecurity, and AI-assisted operations. One of the most credentialed enterprise security architects in India.

### INDUSTRY CERTIFICATIONS

- CCIE #22365 – Cisco Certified Internetwork Expert
- CISSP – Certified Information Systems Security Professional
- CISA – Certified Information Systems Auditor
- CISM – Certified Information Security Manager
- CCSP – Certified Cloud Security Professional
- PCNSE – Palo Alto Networks Certified
- AWS Certified Solutions Architect

### EDUCATION

MSc, Artificial Intelligence & Machine Learning – Liverpool John Moores University

MS, Cyber Law & Information Security – National Law University, Jodhpur

### KEY DISTINCTION

Top 0.1% globally certified network expert

### Cybersecurity

- Next-Gen Firewalls, DDoS, IPS/IDS
- ZTNA, SASE, SSE, CNAPP
- WAF, API Security, Bot Management
- 24x7 SOC, SIEM, SOAR, XDR
- VAPT, Red Team, Compliance

### Enterprise Networking

- WAN architecture & SD-WAN
- Campus LAN & enterprise wireless
- Advanced routing & traffic engineering
- High-density industrial networking
- 150 KM network for HRRL refinery

### Data Centre & Cloud

- Compute, HCI, GPU systems
- Spine-leaf fabric, 10G-100G
- Hybrid & multi-cloud (AWS, GCP)
- Backup, DR & business continuity
- GeM deployed on GCP

### AI Infrastructure

- On-premises LLM deployment
- GPU-accelerated compute
- Sovereign / air-gapped AI
- AI-augmented Security Ops
- vLLM, Milvus, TensorRT-LLM

### Professional Services

- Strategic IT consulting
- Security advisory
- Solution design & implementation
- Migration services

### Managed Services

- 24x7 SOC operations
- Network operations
- Technical support
- Managed security services

**2-4 WEEKS DEPLOYMENT vs. INDUSTRY 8-16 WEEKS**

## COMPLIANCE EXPERTISE

### DPDP Act 2023

Data Protection

### CERT-In 6hr

Incident Reporting

### RBI Master Dir

Banking Compliance

### PCI-DSS

Payment Security

### SEBI CSCRf

Securities Compliance

### We Are Not a Reseller With a Slide Deck

The same regulations we mention - we have implemented in production for clients of national significance.
